Consistency between target market and the product

This product is likely to be consistent with the likely objectives, financial situation and needs of the class of customers in the target market. This is based on an analysis of the key terms, features and attributes of the product and a finding that these are consistent with the identified class of customers.

This product enables Owner Occupiers to take advantage of the flexibility of the product whilst making principal and Interest repayments. These options include flexible repayment options, through the choice of variable rate, fixed rate, or a split between both options.

The **Variable rate** option offers additional flexibility by allowing unlimited additional repayments to be made. This rate isn't locked in, so it is suitable for those wanting to take advantage of any rate decreases over the loan's term. This option also allows for additional cash flow, as members can redraw on any extra repayments made.

The **fixed rate** options provide certainty, as borrowers know their repayments won't change during the fixed rate term. Will not be impacted by interest rate fluctuations during the fixed term, however there is limited flexibility however as additional repayments are limited during the fixed term

Excluded class of consumers

This product has not been designed for individuals who:

- Do not meet the Housing Australia scheme
- Are not Members of the Bank
- Do not meet the Bank's Credit eligibility criteria at time of application
